Please note: The educational scripts are a starting point — happy to adjust to suit Stacey's voice. All images are **placeholders**; final imagery is produced once content is approved. Sensitive topics this month (disordered eating, NDIS) are handled with compassion — never weight numbers, before/after imagery or "good vs bad" foods. Each week has a typeable **Notes & sign-off** panel.

"Bloated every afternoon? 3 things a dietitian checks first"

FILM · DIETITIAN Read straight to camera

"Bloated and uncomfortable by 3pm most days? Before you cut out whole food groups, here are three things I check first.

One — how fast you're eating. Rushed meals mean swallowed air and a bloated belly.

Two — whether your fibre jumped up suddenly. Your gut bacteria need time to adjust.

Three — certain fermentable carbs we call FODMAPs, in foods you might not expect.

The fix is rarely 'eat less' — it's eat smarter. Follow for more gut-health tips, and if bloating's a daily thing, come and see me."

3 **Story Videos — Point of Difference**

Story 1 — Back to enjoying food · ~12s

VO: "Imagine eating without second-guessing every meal or battling bloating afterwards. With Stacey's non-diet approach you get a plan built around your body, your tastes and your life — so food feels good again." **End card:** "Book with Stacey — Your Body Hub, Officer."

Story 2 — No fads, no food rules · ~15s

VO: "Here's what we do differently. Stacey is an Accredited Practising Dietitian with a non-diet, Health at Every Size® approach — no fad diets, no 'good and bad' foods, no shame. Evidence-based, personalised support that lasts, backed by our whole team under one roof." **End card:** "Real food freedom — book with Stacey."

Gut troubles → book with Stacey

FILM · DIETITIAN Read straight to camera

"If your gut has been running your life — the bloating, the discomfort, never quite knowing what to eat — you don't have to figure it out alone.

Guessing and cutting out foods often makes things harder, not better.

I'm Stacey, the dietitian here at Your Body Hub. I'll help you find what's actually going on and build a plan that works for your body and your life — no fads, no food rules.

Appointments are recognised by Medicare care plans and most private health funds.

DM me the word 'DIETITIAN', or tap Book Now — and let's sort your gut out properly."

"Fibre 101 — more fibre without the bloat"

1 · COVER "Want the gut benefits of fibre — without the bloat? 🍌 "

2 · GO SLOW "Add fibre gradually over a couple of weeks so your gut can adjust."

3 · DRINK UP "Fibre needs water to do its job — keep your fluids up."

4 · MIX IT UP "Different fibres feed different gut bugs — variety beats one 'superfood'."

5 · MIND FODMAPS "If some high-fibre foods trigger you, a dietitian can help pinpoint which."

6 · CTA "Gut still grumbling? → Book with Stacey at Your Body Hub, Officer."

"Why diets fail (and what works instead)"

FILM · DIETITIAN Read straight to camera

"If you've lost weight and gained it back more than once — it's not a willpower problem. Restrictive diets fight your biology. Hunger hormones rise, your metabolism adapts, and the all-or-nothing rules set you up to 'fail' and start again. What actually lasts is small, consistent habits you don't hate — and support to keep them. Follow for more no-nonsense nutrition, and if you're tired of the diet cycle, come and have a chat."

3 Story Videos — Point of Difference

Story 1 — Food without the guilt · ~12s

VO: "Imagine sitting down to a meal without guilt, rules or that voice doing the maths. Stacey helps you build an easy, balanced way of eating that fits your life — so food is something you enjoy, not something you fight." End card: "Book with Stacey — Your Body Hub, Officer."

Story 2 — Non-diet, no shame · ~15s

VO: "Here's what we do differently. No meal plans and shame, no weigh-ins, no 'good and bad' foods. Stacey's non-diet, Health at Every Size® approach is about sustainable change that actually sticks — evidence-based, and judgement-free." End card: "Ditch the diet — book with Stacey."

Tired of dieting → book with Stacey

FILM · DIETITIAN Read straight to camera

"Tired of starting another diet on Monday — and giving up by Friday? There's a better way, and it doesn't involve rules, points or cutting out the foods you love. I'm Stacey, the dietitian here at Your Body Hub. I use a non-diet, Health at Every Size® approach to help you build a genuinely healthy relationship with food — one that fits your real life. Recognised by Medicare care plans and most private health funds. DM me the word 'DIETITIAN', or tap Book Now — and let's ditch the diet for good."

"Type 2 diabetes: 3 food swaps for steadier blood sugar"

FILM · DIETITIAN Read straight to camera

"Managing type 2 diabetes? Three simple swaps can make your blood sugar far steadier.

One — pair your carbs with protein or veg so they absorb more slowly.

Two — swap to wholegrain versions of the carbs you already eat.

Three — add a short walk after meals.

Small, doable, and they add up. Follow for more, and for a plan made for you, book in with me."

3 Story Videos — Point of Difference

Story 1 — Take control of your numbers · ~12s

VO: "Imagine getting your blood sugar, cholesterol or blood pressure heading the right way — without giving up every food you enjoy. Stacey builds a realistic plan around your condition and your life, so the changes actually stick." **End card:** "Book with Stacey — Your Body Hub, Officer."

Story 2 — Joined-up care · ~15s

VO: "Here's what we do differently. As an Accredited Practising Dietitian, Stacey works with your GP's care plan and alongside our physio and exercise physiology team — so your nutrition, movement and medical care all pull in the same direction." **End card:** "Joined-up care — book with Stacey."

Managing a condition → book with Stacey

FILM · DIETITIAN Read straight to camera

"Been told to 'watch your diet' for diabetes, cholesterol or your heart — but not sure where to start?

That's exactly what I'm here for. I'm Stacey, the dietitian at Your Body Hub, and I turn vague advice into a simple, realistic plan that fits your life.

With a GP care plan, your appointments may be subsidised by Medicare.

DM me the word 'DIETITIAN', or tap Book Now — and let's take the guesswork out of it."

"Reading a food label for heart health"

1 · COVER "Reading a food label for your heart — what actually matters 🍌"

2 · SAT FAT "Check saturated fat — compare per 100g, aim lower."

3 · SALT "Sodium under 400mg per 100g is good; under 120mg is great."

4 · TOTAL FAT "Don't fear total fat — the type matters more than the number."

5 · FIBRE "Fibre — higher is better; 3g+ per serve is a good wholegrain sign."

1 Reel 1 — Educational · ~40s · Stacey to camera**"PCOS & food — what actually helps"****FILM · DIETITIAN** Read straight to camera

"If you've got PCOS, you've probably been given a lot of conflicting food advice.

A few things genuinely help most people: balancing your blood sugar by pairing carbs with protein, including fibre and healthy fats, and moving regularly.

There's no single 'PCOS diet' — it's about a sustainable pattern that suits you.

Follow for more, and for a plan made for your body, book in with me."
