

THE GOAL OF THIS PACK

Get in front of more local GPs, specialists and NDIS coordinators and position Your Body Hub as the trusted exercise-physiology referral partner in Officer and the south-east — the kind a doctor or coordinator is confident referring to. The newsletter is the substance; the posts distribute it and build the relationship. Lead with the referrer's problem and the referral pathway, not a sales pitch.

Weekly newsletter LinkedIn post (Tara)

Cadence: 1 newsletter + 2 posts per week — Tuesday (newsletter) · Wednesday & Friday (posts)

Monday	Tuesday	Wednesday	Thursday	Friday	Saturday	Sunday
31 Aug	Week 1 · Falls Prevention 1 NEWSLETTER Falls prevention: keeping patients independent Subscribe	POST 1 2 Strength & balance cuts falls risk	3	POST 2 4 When to refer for falls & balance	5	6
Week 2 · Chronic Disease 7	NEWSLETTER 8 Exercise as medicine: the CDM pathway Subscribe	POST 1 9 CDM & GP Management Plan pathway	10	POST 2 11 Joined-up care under one roof	12	13
